The Hospet Constituency has been ordered to be taken up for the intensive revision of the Electoral rolls of the Assembly and House of the People during this year. For this purpose the enumerators have been appointed and they have commenced their work of house to house enquiry from 1st September 1952. According to the instructions contained in Para 7 of the G.O first cited above, the enumerators will complete their work by 30-9-52. The Supervisors appointed to over-check the work of the enumerators will have to complete their work of overchecking by 15-10-52. Therefore the preparation of the consolidated preliminary lists of amendments can be taken up only after 15-10-52. These consolidated preliminary lists of amendments should be got prepared and printed by 30-11-52 and kept ready for preliminary publication of the rolls in the first week of December 1952.

The preparation of the above consolidated lists of amendments involves the following process.

1. Preparation of draft lists of amendments of 1952 with reference to the lists of additions, deletions and corrections to the Electoral rolls received from the enumerators.
2. The scoring out of the entries in the supplementary rolls prepared in 1950 and in Part I of the list of amendments of 1951 which are noted as deletions in Part II of the list of amendments of 1951 and in the 1952 list now prepared.
3. Carrying out in manuscript in the supplemental rolls and in part I of the list of amendments of 1951 the corrections noted

in the list of amendments of 1951 and in the 1952 list now prepared.

4. Indication of the insertion of the additions noted in the list of amendments of 1951 and in the 1952 draft list now prepared in the appropriate places of the supplemental rolls of 1950. This indication has to be done with reference to the house numbers and in each house with reference to the alphatetical order of the names of voters.

5. Altering the entries relating to the age of each voter by adding thereto two years in the supplementary roll of 1950 and one year to the entries in Part I of the list of amendments of 1951.

6. Lastly, after carrying out all the preliminary work stated above, the supplementary roll, the list of amendments of 1951 and the list of amendments now prepared should be re written completely in manuscript in a consolidated form incorporating the not entries so that the consolidated list plus the original roll of 1948 represents the up to date position.

It is thus seen that the work connected with the preparation of the consolidated preliminary lists of amendments is not only voluminous but also requires some skill and intelligence. Therefore this work cannot be got done by section writers for whose employment there is provision in para 13(4) of the G.O. first cited above, as generally they are only able to attend to copying work which is not the only thing involved in the preparation of the above lists.

Para (2)

Considering the nature and the amount of work involved in the preparation of these lists for all the units of this Taluk including one Municipality, one T.B.P. town ship area and three Major Panchayats I request that sanction may be accorded for the appointments of 3 Lower Division clerks and one Upper Division clerk in addition to the existing staff for a period of two months from 1st October 1952 to enable me to get ready with the printed consolidated preliminary lists of amendments for preliminary Publication in the 1st week of December 1952. As the work cannot afford delays, I request very early orders in the matter.

Ref:- From the Tahdr., Hospet Roc No: 3606/52 Ele dt 19/9/52

The Tahdr., Hospet is informed that the lists of additions, deletions and Corrections received from the enumerators will have to be scrutinized carefully and this can be attended to by the special staff in the taluk office. The preparation of the list of amendments and other items of work mentioned by the Tahdr. in his letter cited can very well be done by section writers under proper (directions) supervision by the Elections special staff.

Cf – Ref:- From the Tahdr., Hospet Roc. no: 3606/52 Ele. dt: 19-9-52

Please see the letter from the Tahdr., Hospet in the C.f. He requests for the sanction of 3 L.D. Clerks and one U.D. Clerk in his office for a period of ~~th~~ 2 months from 1-10-1952 for the preparation of the Consolidated preliminary list of amendments in respect of the Hospet Assembly Constituency which is an intensive Revision area. The reason advanced by the Tahsildar for the above additional staff is that the work connected with the preparation of the Consolidated preliminary list of amendments is not only voluminous but also requires some skill and intelligence and therefore this work cannot be got done by the section writers for whose employment sanction is accorded in para 13(4) of the E.R (A+P) (Annual Revision) Circular no: 1.
